THE CHOICE OF ALL

AT

PERRY'S

KILLER

It is settled that you must have a PARASOL. Anything so conspicuous as that must be of the "latest edition." It should go right into service. But the kind? There comes the perplexing point. Such a variety claims recognition in the world of fashion this season. And it does seem as if we had them all. Great as we have them all, they are not all the same. They will say to you when you come to look through the line. Combinations and colors that will harmonize with the Gowns and Hats have been selected.

You know discord in effect is as much to be avoided as discord of sound. The taste must blend artistically. Give us an idea of the prevailing color in your new robes and we will put a dozen dainty creations in PARASOLS in your hands.

Don't forget that Easter is one week from tomorrow. Everybody will be out in their best—and expect to meet you the same. If it is fair—and we all hope it will be—your walk in the shadow of something. Critical eyes will recognize a revival of by-gone days. Pride points to the necessity of buying one—quality—unique design—and low prices point to OURS. We tell you about the looks and the prices here now. The qualities a glance will determine.
